

Buy 5 Full Delegate Spots and Get the 6th Free!

Not sure who will be representing your board or health unit in the new school year? No problem! You don't need to designate exact staff members until September 17, 2018. All you have to do now is register your board or health unit and provide the number of delegate spots required.

For more information contact groups@ophea.net

Why send a group to the conference:

- A variety of workshops and interactive sessions to be attended
- Knowledge and workshop materials can be shared amongst the team
- Team members can look to address ways to help inform their School Improvement Plans
- New ideas, tools and information can later be shared with colleagues throughout the board or health unit

How a group from your school board will benefit:

- Practical, hands-on physical activity sessions and workshops with great ideas and tools for educators to use in the classroom on Monday morning!
- The latest information and knowledge presented by experts in the field.
- Networking opportunities to learn from, and share with professionals from across the province.
- Knowledge and information provided to support and inspire educators in making a difference
- Student Success
- Safe, Supportive, Caring Learning Environments
- Healthy Schools

How a group from your public health unit will benefit:

- Practical, hands-on workshops with great ideas and tools for public health leaders, particularly those that work in schools or that have a chronic disease, physical activity or healthy schools portfolio to use in their communities.
- Practical applications and strategies for creating and maintaining healthy schools and communities – this directly supports the Ontario Public Health Standards.
- The latest information and knowledge presented by experts in the field.
- Networking opportunities to learn from, and share with professionals from across the province.
